EDUCATION

Tecnológico de Monterrey <i>Bachelor of Science in Computer Science and Engineering</i> <ul style="list-style-type: none">Specialization in CyberSecurity	December 2024
Czech Technical University in Prague <i>International Cybersecurity Program</i>	Feb – June 2024

EXPERIENCE

Junior Systems Engineer <i>PSL Group, Remote, MX</i> <ul style="list-style-type: none">Provisioned and optimized AWS infrastructure (EC2, Lambda, S3, IAM), improving reliability and enforcing least-privilege access across cloud and SaaS systems.Designed and deployed automation workflows (ticketing, alerts, cost reporting) that reduced operational overhead and increased SLA compliance.Supported cost governance and security operations by identifying idle resources, improving spend visibility, and contributing to incident response and access audits.	Nov 2025 – Present
Cybersecurity Intern <i>Daimler Buses México, Monterrey, MX</i> <ul style="list-style-type: none">Implemented NIST CSF controls in OT environments, collaborating with teams in Spain and Germany, improving audit compliance by 67%.Coordinated cross-functional teams to remediate OT vulnerabilities, closing findings 40% faster and strengthening plant security posture.Designed and delivered a plant-wide security awareness program for 200+ employees.	Nov 2024 – Nov 2025
Cloud Resume Challenge AWS GitHub Actions Frontend/Backend <i>Self-Initiated</i> <ul style="list-style-type: none">Built and deployed personal portfolio with S3, CloudFront, Route 53, API Gateway, Lambda, DynamoDB and CI/CD (GitHub Actions), maintaining 99.9% uptime.	May 2025 – Jun 2025
Pentesting Project: Dormitory Website <i>Czech Technical University in Prague</i> <ul style="list-style-type: none">Performed OWASP-based testing with Burp Suite, identifying 15 vulnerabilities and providing remediation guidance.	Feb 2024 – June 2024

CERTIFICATIONS

AWS <ul style="list-style-type: none">Solutions Architect – Associate — <i>In progress</i>Cloud Practitioner	
Cisco <ul style="list-style-type: none">Certified CyberOps Associate	
Fortinet <ul style="list-style-type: none">Fortinet Certified Fundamentals in Cybersecurity	
University4Industry — Daimler Truck <ul style="list-style-type: none">Shopfloor Security ISA-A (Awareness) & Implementer	

SKILLS

Tools: Otorio, PowerBI, Nessus, Nmap, Burp Suite, Metasploit, Wireshark, Kibana, Ondes
Cloud (AWS): IAM, S3, CloudFront, Route 53, API Gateway, Lambda, DynamoDB, GitHub Actions, Terraform
Frameworks: NIST CSF, OWASP Testing Methodology
Scripting: Python, PowerShell, Bash, JavaScript/TypeScript
Languages: Spanish (Native), English (Advanced)
